Kumo Sofa with Armrests

Design by Anderssen & Voll

The Kumo Sofa system is built around an innovative metal frame onto which individual cushion components are added. This intelligent design from Anderssen & Voll makes it especially convenient to live with—readily reconfigurable whenever and however you wish. The Kumo Sofa is also efficient and responsible to ship thanks to the same quality: it dismantles easily. Like its namesake—Kumo means "cloud" in Japanese—this sofa is light and soft as well as clever, with generous, foam-filled cushions covered in a luxurious, highly textured woolen fabric as a final flourish.
